

PE and Sport Premium Funding Evaluation 2015/2016

Allocation for Featherby Junior School's PE and Sport Premium Funding 2015/2016.	Actual Impact. (To be completed July 2016).
Howard School Partnership membership 2015-2016 SSCO curriculum support and P.E CPD programme Entry into any number of the Howard SSP or Medway organised inter- school competitions/festivals. Young leaders training.	Twenty Young leaders were trained which resulted in a greater range of activities available for children to take part in at lunch times. This resulted in a greater number of children taking part in physical activities at lunch, more positive attitudes to health and well-being and Improvement in playground behaviour.
To improve the quality of peer and self- assessment in P.E and raise pupil achievement in P.E through the purchase of five flip cameras.	An increase in peer and self- assessment was evident in some lessons through the use of peer evaluation using prompt evaluation cards, identifying WWW AND EBI and trialling new assessment tool produced by the Howard School Partnership.
To improve staff confidence and the quality of teaching in Gymnastics and Dance. <ul style="list-style-type: none"> <li>• Four members of staff to have the opportunity to team teach with a Howard School P.E specialist for 6 weeks.</li> <li>• Increase the use of dance specialists in school allowing teachers to observe outstanding dance lessons and improve pupil attainment.</li> </ul>	Four teachers had the opportunity to team teach with a Howard School P.E Specialist for 6 weeks each. This resulted in increased staff confidence and competence which resulted in an improvement in the quality of teaching and pupil attainment.  Year 3 had a Chinese Ribbon Workshop and Brazilian Dance workshops were held for Year 3 and 5 in Healthy Living Week. This resulted in staff having the opportunity to work alongside dance specialists and observe outstanding dance practice which resulted in increased staff confidence and competence and increased pupil attainment.
To extend our current swimming programme so Year 4 and 5 swim.	All Year 4 and 5 children received quality first swimming teaching which resulted in an increase in swimming attainment.
To update existing P.E schemes of work through the purchase of Val Sabin KS2 Gymnastics, Athletics and Games schemes of work.	New Gymnastics scheme in use ensuring a progressive and consistent scheme of work is in place.
To continue to expand our OSHL opportunities increasing the number of extra -curricular clubs and variety which are on offer and provide an increased number of children with a competitive experience developing a wider range of intra and inter school competitions through the employment of sports coaches.	A wide range of extra- curricular clubs were run which resulted in a greater % of children participating in sport Positive attitudes to health and well- being and Improved pupil attitudes towards P.E
To organise a Healthy Living Week, (July 4 <sup>th</sup> – 8 <sup>th</sup> ), to promote Healthy lifestyles.	A successful Healthy Living Week was run with the children participating in a range of different sporting events and healthy eating workshops. This resulted in more positive attitudes to health and well- being and Improved pupil attitudes towards P.E. -
To develop staff skills in OAA (Outdoor Adventurous Activities) and raise pupil achievement in in OAA. Purchase O.A.A equipment to support new schemes of work.	All year groups successfully ran an O.A. A day following training given and equipment purchased.
P. E Co-ordinator to audit existing P.E equipment and order new equipment to support Games and Athletics curriculum. Purchase up to date 'Safe Practice' BAALPE book.	New equipment ordered and in use which resulted in children having access to quality sports equipment.
